

## N-Dulge C2

## Section 1 - Identification

Product identifier:

Product Number: 06760100 Product Name: N-Dulge C2

modified food starch

Other means of identification:

Chemical family: Modified starch

Recommended use of the chemical and restrictions on use:

Recommended use: Food products
Restrictions on use: Not Available

**Details of manufacturer or importer:** National Starch Pty Ltd

New Zealand Branch

Unit 5, 706 Great South Road Penrose Auckland 1642

New Zealand

Tel: +64 9 582 0284 (business hours)

Emergency phone number: CHEMTREC - Emergency Telephone (Medical & Transport Incident With

Product- 7Days/24 Hours)

within the country

SDS Requests and general information, please contact Local Customer

Service: See phone numbers in Section 16

## N-Dulge C2

#### Classification of the hazardous chemical:

GHS Hazard Symbols:

No hazard symbols required

GHS Classification: Hazardous to the aquatic environment - Acute Category 3

Signal Word: No signal word needed.

**Hazard Statements:** H402 - Harmful to aquatic life.

**Precautionary Statements:** 

**Prevention:** P273 - Avoid release to the environment.

**Disposal:** P501 - Dispose of contents/container to a suitable disposal site in

accordance with the Hazardous Substances (Disposal) Regulations 2001.

Hazards not otherwise classified: None known.

### Section 3 - Composition/information on ingredients

## Substance:

Not applicable

#### Mixture:

| Chemical Name            | Common name and synonyms | CAS No. | Concentration (% by weight) |
|--------------------------|--------------------------|---------|-----------------------------|
| No hazardous components. |                          |         |                             |

#### Section 4 - First-aid measures

## Description of necessary first aid measures:

Inhalation: Remove to fresh air. Get medical attention if irritation persists.

Eye Contact: Remove particles by irrigating with eye wash solution or clean water,

holding the eyelids apart. If symptoms develop, obtain medical attention.

Skin Contact: Wash skin with soap and water.

Ingestion: None required.

Most important symptoms and effects, acute and delayed, caused by

...,

Possible physical irritant from dust particles. Potential for dust explosion.

exposure:

#### N-Dulge C2

Medical attention and special

treatment:

No further first aid information is available.

#### Section 5 - Fire-fighting measures

Suitable extinguishing equipment:

Suitable extinguishing media: Dry Chemical, CO2, Water Fog, Foam

Unsuitable extinguishing media: None known.

Specific hazards arising from the

chemical:

Minimum ignition temperature of dust cloud- approx. 390 C. Minimum explosive concentration- approx. 70 mg/l. Minimum energy to ignite cloud

by electrical spark- approx. 0.06 joules.

Hazardous combustion products: This product does not undergo spontaneous decomposition. Typical

combustion products are carbon monoxide, carbon dioxide, nitrogen and

water.

Special protective equipment and precautions for fire-fighters:

No special procedures are required.

#### Section 6 - Accidental release measures

Personal precautions, protective

equipment and emergency

procedures:

Use personal protective equipment as required.

**Environmental precautions:**No data available

Methods and materials for

containment and cleaning up:

Normal precautions for "nuisance dust" should be observed. Avoid prolonged inhalation of dust. Sweep up or vacuum up and place in

suitable container for disposal.

### Section 7 - Handling and storage

**Precautions for safe handling:** As with all chemicals, good industrial hygiene practices should be followed

when handling this material.

Conditions for safe storage, including any incompatibilities:

Safe storage conditions: Keep container closed when not in use.

Static Sensitivity: Yes

Other precautions: Use care to minimize dust generation in normal use conditions.

Avoid dispersing the powder in the air. Prevent buildup of powder on

surfaces.

Materials to Avoid/Chemical

Incompatibility:

None known

## N-Dulge C2

### Section 8 - Exposure controls/Personal protection

#### **Exposure control measures:**

| Chemical Name     | New Zealand -<br>Occupational<br>Exposure<br>Standards - TWA | New Zealand -<br>Occupational<br>Exposure<br>Standards -<br>STEL | New Zealand -<br>Occupational<br>Exposure<br>Standards - CEIL | New Zealand -<br>Biological<br>Exposure Limit -<br>BEL |
|-------------------|--|--|---|--|
| No data available |  |  |   |  |

This product can produce a nuisance dust which should be maintained below a time weighted average of 10 mg/m3.

**Engineering controls:** General.

Individual protection measures, for example personal protective equipment (PPE):

**Respiratory protection:** NIOSH approved dust mask. **Eye and face protection:** Safety glasses recommended.

Skin protection: Skin protection may be required depending on product temperature.

Gloves: Gloves are not normally required for foreseeable conditions of use.

Other protective equipment: Not normally required. Not applicable.

**General hygiene conditions:** Wash before eating, drinking, or using toilet facilities.

## Section 9 - Physical and chemical properties

#### Appearance (physical state, colour etc.):

Pure Substance or Mixture: Pure
Physical State: Powder
Colour: White
Odour: Starch

Odour Threshold:

pH:

Not available

Not available

Approximately 6.5

Melting point/freezing point:

Melting Point:

Freezing point:

Not available

Not available

Not available

Not available

Not available

Not available

Not applicable

Flammability (solid, gas): No

## N-Dulge C2

#### Upper/lower flammability or explosive limits:

Upper flammability or explosive limits: Not available Lower flammability or explosive limits: Not available Vapour pressure: Not available Vapour density: Not available

Relative density: 1.5

Solubility: Insoluble
Partition coefficient: n-octanol/water: Not available
Auto-ignition temperature: Not available
Decomposition temperature: Not available
Kinematic viscosity: Not applicable
Particle Characterstics: Not applicable

### Section 10 - Stability and reactivity

**Reactivity:** Not expected to be reactive.

Chemical stability: Stable

**Possibility of hazardous reactions:** Hazardous polymerization will not occur.

Conditions to avoid:

Incompatible materials:

None known

**Hazardous decomposition products:** This product does not undergo spontaneous decomposition. Typical

combustion products are carbon monoxide, carbon dioxide, nitrogen and

water.

#### **Section 11 - Toxicological information**

Description of the various toxicological (health) effects and the available data used to identify those effects:

Information on possible routes of

exposure:

Ingestion, Inhalation, Skin Contact, Eye Contact

**Target Organs Potentially Affected By** 

**Exposure:** 

Not applicable.

Early onset symptoms related to

exposure:

No data available

**Toxic Effects:** This product is considered as being non-toxic. Use of good industrial

hygiene practices is recommended.

**Exposure levels and health effects:** 

Acute toxicity:

Ingestion Toxicity: Based on available data, the GHS classification criteria are not met.

Acute toxicity - Dermal: Based on available data, the GHS classification criteria are not met.

## N-Dulge C2

Inhalation Toxicity: Based on available data, the GHS classification criteria are not met.

**Skin corrosion/irritation:** Low order of toxicity. Unlikely to cause harmful effects under

recommended conditions of handling and use.

Serious eye damage/irritation:

Respiratory sensitisation:

Based on available data, the GHS classification criteria are not met.

Based on available data, the GHS classification criteria are not met.

Based on available data, the GHS classification criteria are not met.

Based on available data, the GHS classification criteria are not met.

Based on available data, the GHS classification criteria are not met.

Carcinogenicity: No.

**Reproductive Toxicity:** Based on available data, the GHS classification criteria are not met. **Specific Target Organ Toxicity** Based on available data, the GHS classification criteria are not met.

(STOT)-single exposure:

Specific Target Organ Toxicity (STOT) Based on available data, the GHS classification criteria are not met.

-repeated exposure:

**Aspiration hazard:** Based on available data, the GHS classification criteria are not met.

### Numerical measures of toxicity (such as acute toxicity estimates):

| Chemical Name  | LD50 Oral | LD50 Dermal | LC50 Inhalation |
|--|-----------|-------------|-----------------|
| There is no known toxicity data available for the components or the product. |           |             |                 |

### **Section 12 - Ecological information**

**Ecotoxicity:** No information available.

**Ecological Toxicity Data:** 

| Chemical Name     | CAS No. | Aquatic LC50 Fish | Aquatic ERC50<br>Algae | Aquatic EC50<br>Crustacea |
|-------------------|---------|-------------------|------------------------|---------------------------|
| No data available |         |                   |                        |                           |

Persistence and degradability: No data available
Bioaccumulative potential: No data available

Mobility in soil: Unknown

Other adverse effects: None known.

#### Section 13 - Disposal considerations

## N-Dulge C2

**Disposal methods:** Disposal should be in accordance with local, state or national legislation.

Empty container warnings: Empty containers may contain product residue; follow SDS and label

warnings even after they have been emptied.

#### **Section 14 - Transport information**

UN number:
UN Proper shipping name:
Not applicable
Not applicable
UN dangerous goods class and
Not applicable

subsidiary:

UN Packing group: Not applicable

Toxic Inhalation Hazard Zone: No data available

Environmental hazards (e.g., Marine

pollutant):

Transport in bulk (according to Annex No data available

II of MARPOL 73/78 and the IBC

Code):

and the IBC

HAZCHEM Code: No data available

**Special precautions for user:** Consult IMO regulations before transporting in bulk by ocean.

No data available

### **Section 15 - Regulatory information**

### Safety, health and environmental regulations:

**TSCA Status:** This product is manufactured in compliance with all provisions of the Toxic

Substances Control Act, 15 U.S.C. 2601 et. seq.

**FDA** 21CFR172.892
